

Your Honor:

At my sentencing hearing, you recommended me to attend drug treatment. And I joined ROAP program. I was sent from Fort Dix to FPC McKean to attend ROAP which I am enrolled since April 18, 2024. Since I arrived, the camp has been consistently on lock down due to an inordinate amount of contraband that has been brought into the camp by inmates in the non-ROAP unit.

In an effort to curb the influx of contraband, the administration introduced members of general population into the ROAP unit (a clear violation of the statute governing ROAP) and accentuating the contraband problem. Since I am here the program was on pause more that was working. This was supposed to be a 9 months program. I am here for 4 months and I did not even advanced to phase 1 of the program. I came here for treatment which I am not getting.

I respectfully ask the Court to assist me in getting transferred to a facility where the ROAP program is running (like Lewisburg or Cumberland) ↓

Thank you for your attention
to this matter.

Sincerely:

Mircea Constantinescu
